

APRIL 4, 2022

## Congrats Pinnacle Award Finalists! U.S. in 4 Categories

The Pinnacle Awards celebrate the employee or team of employees in each of seven categories that best drove growth and the transformation of Brink's over the course of the year. We received 188 nominations from 39 countries and three corporate functions, in another extraordinary year that continued to challenge everything we do.

Our 2021 Pinnacle Award finalists from the U.S. listed below are to be congratulated for their accomplishments, dedication and resilience. Winners will be announced soon!

- **Accelerate Profitable Growth**

***BGS U.S. Management Team***

- **Culture**

***Evie Chitty***

Creating a Winning Culture in Region 10

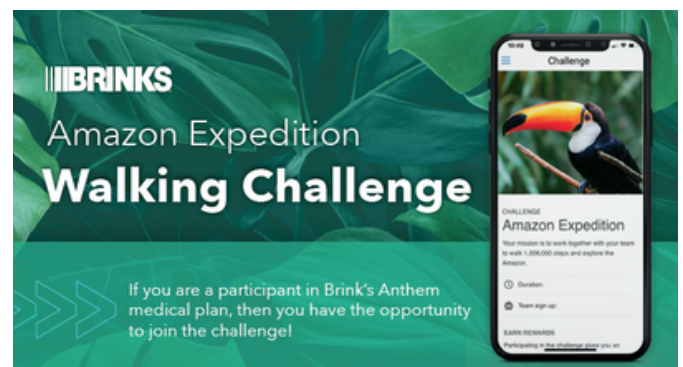

See the attached Pinnacle Award Finalists to see all the categories and finalists.

## Catch up on the Walking Challenge Today

It's time for our annual walking challenge! Join your co-workers to form a team and trek along the Amazon (virtually)! You will encounter exotic animals and awe-inspiring waterfalls before making it to Marijo Island.

**When: NOW!** It's not too late to join!

**Goal:** Work with your team to reach 1,008,000 steps and earn a chance to win one of many \$100 gift cards. Register now and get moving for a healthier you! See attached flyer for details.

\*You must be enrolled in Brink's Anthem medical plan to participate this year.

# This Week @Work

## Cyber Hacks - What is Email Spoofing?

Email spoofing is a technique used in spam and phishing attacks to trick users into thinking a message came from a person or entity they either know or can trust. Spoofing can take many forms, such as spoofed emails, IP spoofing, DNS Spoofing, GPS spoofing, website spoofing, and spoofed calls.

### How to protect yourself from a Spoofing attack:

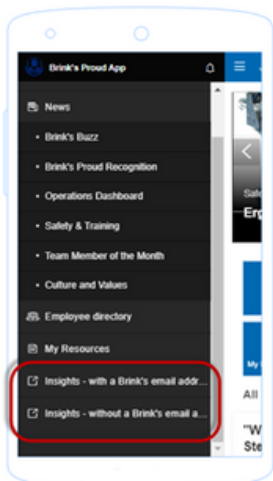

- Be skeptical, avoid answering emails or calls from unrecognized senders.
- Avoid using your Brink's work email when registering in websites that are not work related.
- Use strong passphrases and avoid using the same password for all your accounts.
- Avoid clicking on links or opening attachments from unfamiliar sources. They could contain malware or viruses which will infect your device.
- Set up two-factor authentication, when available to add an additional layer of security to the authentication process.
- Only visit websites with a good reputation. Look for the lock symbol near the website URL address.
- Report suspicious email using the Report Phishing Confense button.

## Brink's Insights - Appreciating Diversity & Inclusion

First issued as a congressional resolution by Representatives Debbie Dingell and Rashida Tlaib in 2019, April is National Arab American Heritage Month (NAAHM). As INSIGHTinto Diversity writes, "[it's] a time for celebrating the history, contributions, and culture of the diverse population of Arab Americans."

The Arab American community is impressively diverse. Writing for PBS, Beatrice Alvarez reports that Arab Americans have roots in more than twenty-two countries throughout the Middle East and North African regions including Algeria, Bahrain, the Comoros Islands, Djibouti, Egypt, Iraq, Jordan, and many more.

If you're new to commemorating NAAHM or are simply looking for ways to expand your perspective, start by learning more about the Arab American community by reading this week's Insights lesson found in the Brink's Proud app.

To Access Insights through the Brink's Proud App:

Open the menu on your Brink's Proud App and scroll to the bottom.

- **With a Brink's Email Address** - If you have a Brink's email address, simply click on the corresponding link and Insights will open right up for you to enjoy!
- **Without a Brink's Email Address** - If you don't have Brink's email address, click on the bottom link and create a login for Insights to get in on all the fun!

**Missing out on the Brink's Proud App?** Send an email to the Brinks Proud team at [Brinks.Proud@brinksinc.com](mailto:Brinks.Proud@brinksinc.com) and we will send you an invitation and password to the app.

# Brink's Career Opportunities
