

Donation Link for Families Impacted by Hurricane Ian

With Ian making landfall as a category 4.9 hurricane in the vicinity of Ft. Myers, Florida, and then raging across the state, **many Brink's employees are experiencing a significant personal impact.**

These include displacement from their residence and temporary housing costs, extensive damage to their homes and vehicles from flooding and high winds, loss of perishable foods due to power outages, and total losses of their belongings.

Many of you have donated on our fundraising link and we have raised nearly **\$8,000 in just a few days!** The fundraising link below is where you may donate to the impacted families via credit or debit card. **Your generous donations will be distributed accordingly, and any amount will help Brink's families.**

The link will be open for donations **until Friday, October 14.**

Thank you for your support, kindness, and generosity!

Celebrating National Indigenous Peoples' Day, October 10

Today is **National Indigenous Peoples' Day** and **honors the past, present, and future of Native people throughout the U.S.**

Indigenous Peoples' Day is celebrated on the second Monday of October to honor the history of Native American people. The day is centered around reflecting on their tribal roots and stories that strengthened their communities.

The holiday recognizes the legacy and impact of colonialism on Native communities, and it also **celebrates the cultures, contributions, and resilience of contemporary Native people.**

Board of Directors Appoints Keith R. Wyche

Brink's recently appointed **Keith R. Wyche** to the board of directors, expanding the company's board from nine to 10 members.

Wyche currently is a corporate officer and vice president, Community Engagement and Support, at Walmart. He is also a nationally recognized author and thought leader in the areas of talent management and diversity, equity and inclusion.

"I am honored to join the Brink's board and look forward to leveraging my experience across the technology, manufacturing, and multi-unit retail industries as Brink's continues to execute its growth strategy," said Wyche.

Wyche says *"I am excited to contribute to their efforts to evolve the industry by digitizing cash management, as well as the workplace by creating a more diverse and inclusive environment."*

"Keith's proven leadership abilities, combined with his deep retail experience, will provide invaluable insight to our board and management team, as we continue to bring digital solutions to retailers and financial institutions globally," said **Mark Eubanks, President and CEO of Brink's.**

WRN: Upcoming Breast Cancer Awareness Month Event

Please join the **Women's Resource Network (Brink's U.S.)** and the **Brink's Women's Network (Brink's Europe)** on **Wednesday, October 19 at 12PM CT** as we host an informative conversation on one Brink's employee's journey as a breast cancer survivor from diagnosis through treatment and beyond.

- The Do's and Don'ts of Coping with Breast Cancer
- What to Expect When You Know All the Variables
- The Importance of Patience and Positivity and the Power of Knowledge

Be on the lookout in your email for the WebEx invite link!

This one-hour event will be recorded in case you miss it!

Thanks for your support!

Brink's Acquires NoteMachine in the UK

Our ATM managed services business is an important source of growth for the company and we recently announced our acquisition of **NoteMachine**, one of the United Kingdom's largest independent ATM businesses, with more than 9,000 ATMs.

The acquisition expands the footprint of Brink's ATM managed services business to approximately 130,000 ATMs worldwide, and is expected to accelerate the growth of our business. It also furthers our strategy to capitalize on increasing outsourcing activity by retailers and financial institutions looking to reduce cost and complexity. NoteMachine offers end-to-end managed services – including installation, maintenance, cash loading, performance monitoring and analytics, and transaction processing services – and their expertise and infrastructure will be of strategic value in supporting our global ATM operations, especially those in Europe.

In the past few years, we've strengthened our presence and capabilities in Europe through bank partnerships and portfolio acquisitions, and in the U.S., through the acquisitions of PAI and TouchPoint 21. The acquisition of NoteMachine builds upon that momentum and positions us to seize the opportunity presented by the expanding global market for outsourced ATM managed services.

October is Cybersecurity Awareness Month!

Why is Cyber Security Important?

With an increasing number of users, devices, and programs in the modern world, the importance of cybersecurity continues to grow. The growing volume and sophistication of cyber attackers and attack techniques compound the problem even further.

Our data and digital devices are more vulnerable than ever to cybercrime due to the amount of sensitive information stored not just digitally but on networked systems and the connected devices that make up the Internet of Things (IoT).

When & Why did Cyber Security Awareness Month Start?

Since 2004, the President of the United States and Congress **have declared October to be Cyber Security Awareness Month**, helping individuals protect themselves online as threats to technology and confidential data become more common.

The objective of this initiative is to raise awareness of cybersecurity, promote it among citizens and organizations, and offer resources to protect themselves online, through education and the exchange of good practices.

Please be on the lookout this month as we share helpful information with you on topics such as the dark web, deep fake, and best practices!

Awareness to Action

Diversity, Equity and Inclusion at Brink's

Check out the recipes of favorite foods and drinks that celebrate Latinx heritage and community from Pueblo ERG members!

Thank you for celebrating Hispanic Heritage Month!

Elizangela Gusmao, PUEBLO Co-Chair

My favorite food is Feijoada and my favorite drink is Caipirinha!

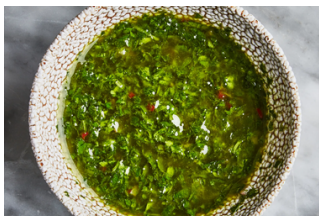

Brazilian Feijoada is a black bean and pork stew that is often served with farofa, toasted cassava flour. It is a symbol of the fusion within Brazilian gastronomic culture and is a Brazilian icon.

Caipirinha is very simple, yet requires good quality ingredients!

Alejandra Canales, PUEBLO Membership Chair

My favorite dishes are Pozole and Flan de Queso!

I love Pozole not only for its wonderful flavor, but because it means family gatherings and creating great new memories every time!

Gus Viano, Vice President of Diversity and Inclusion

My favorite recipe is for Chimichurri sauce. It is a famous sauce from Argentina to eat on top of BBQ meat and many other dishes!

Please see the attached document for the recipes! Enjoy!
