

## Brink's Q1 North America Town Hall is Tomorrow

**Danny Castillo** and senior leaders will host the Brink's North America Q1 Town Hall:

***When: Tomorrow, May 23, 1:00 PM - 2:30 PM (CDT)***

***Where: Microsoft Teams Meeting***

The Town Hall will be held through Microsoft Teams and live for those in Coppell in University Room A. Please be sure you have the latest Microsoft Teams before the event. Please check the Quick Links section at the end for instructions.

**Note: The NA Town Hall no longer includes employees from the BCO business unit.**

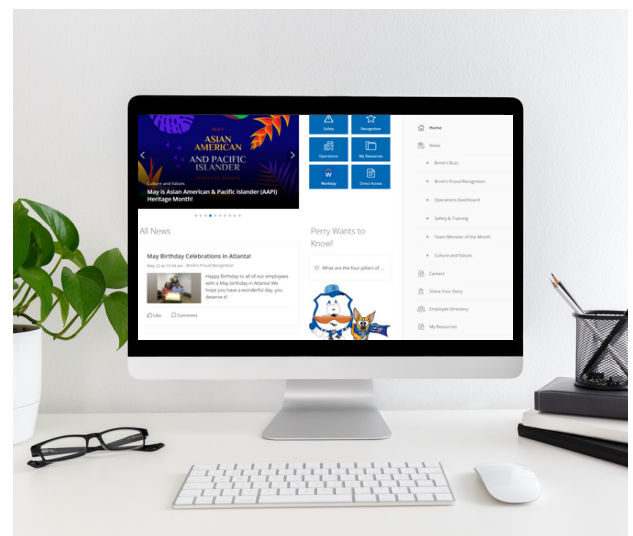

**Check your email for the UPDATED invite.** Please delete any other invites to the Brink's NA Town Hall. Thanks for your cooperation!

## Brink's Proud App - Accessing the Desktop Version

Did you know you can access the Brink's Proud App on your **computer and tablet**, in addition to your cell phone?

Accessing it on your desktop can often be quicker and more efficient! This will allow you to connect with the entire Brink's community easier. You will be able to like and comment on as many posts as you want, while engaging with your coworkers!

Head on over to [www.brinksproud.com](http://www.brinksproud.com) and sign-in. From there you can either **save it to your favorites, bookmark it, or add it as a shortcut to your desktop.** This creates a more convenient way to use the app and you will not have to sign-in as many times, it will automatically remember your login information.

*Need help logging into the app?  
Contact [brinks.proud@brinksync.com](mailto:brinks.proud@brinksync.com)*

**Check the Quick Links section at the end to learn more!**

## Insights: Finding the Harmony of Your Wellness

Most people understand the need for good habits, like eating a green vegetable or two for some much-needed nutrients. However, they may not give much thought to what wellness means across all parts of their lives.

That's why Bill Hettler, co-founder of the National Wellness Institute, developed the Six Dimensions of Wellness Model in the 1970s. It includes six dimensions: occupational, physical, social, intellectual, spiritual, and emotional.

***Check out Insights to learn more! Access Insights via the Brink's Proud App, MS Teams Channel, or OKTA.***

## Cyber Hacks: Bluetooth on Devices

Although Bluetooth devices are convenient and helpful, they also pose certain cybersecurity dangers. It's important to be aware of these risks and take necessary precautions.

**One of the main concerns is privacy.** Bluetooth devices constantly transmit and receive signals, which can be intercepted by attackers.

This introduces a risk of unauthorized access to your device and could **potentially expose sensitive information**, such as your location or personal data. If an attacker gains access to your Bluetooth device, they may be able to control or manipulate it, potentially leading to various security breaches or malicious activities.

***To stay safe while using Bluetooth devices, like Apple AirTag, here are a few important tips:***

1. Keep your Bluetooth device updated
2. Enable device visibility judiciously
3. Use strong and unique passwords
4. Be cautious with public or untrusted networks
5. Regularly review connected devices

***Check out the article in the Quick Links section below to learn more!***

## Honoring Memorial Day

**Next Monday, May 29**, we remember those who sacrificed so we could live in freedom.

On Memorial Day, we're thankful for those who gave their lives while serving and we're thinking of those who have lost someone they love. **Thank you for your sacrifice.**

***Check back for the Dashboard News on June 5!***
